

## Anne Riordan: A Woman of Spirit

Anne Riordan is a highly successful stock broker for a prestigious Wall Street firm. In only five years in the business, Anne has made her mark in the organization. With the presence of her ethical sales manager and the aid of her competent and honest sales assistant, Annes career and life is good. This all changes when Annes manager retires and her SA leaves to raise a family. The replacements coming through the firms door are unprincipled and obsessed with only one thing: how to steal Annes hard-earned book of clients. It gets very down and dirty resulting in Anne losing her book and her licenses. Can Anne retrieve what is hers by mimicking the methods of her enemies? This story starts out with a G rating and ends up going very, very X-rated.
