

The Adventures of The Sizzling Six: Return of The Red-cockaded Clan (Eco Mysteries) (Volume 5)

When monster Hurricane Grace slams into the national forest, killing the endangered Red-cockaded Woodpecker and destroying their nesting cavities, six determined teenagers are plunged into a dangerous adventure. Can they save this species from extinction? Can they restore the forest that is the woodpeckers home? Will they be brave enough to stop their friends evil father from chopping down the pine trees where the Red-cockaded Woodpeckers live? What can go wrong? One thing is certain an eco mystery, and The Sizzling Six, with the help of a team of brilliant scientist must take action before it is too late.
