

Evil UnLtd: The Root Of All Evil

The Farce Of The Dark Side. Villains are the new Heroes in this Epic Sci Fi Adventure. Evil UnLtd: on a mission of indefinite duration, to seek out new evil schemes and boldly go to depths and extremes where no super-villain has gone before. Sinister supreme genius and super-villain, Dexter Snide, has floated Evil on the stock market and has gathered together a band of fellow villains, whose key challenge now is to ensure that Evil shows a consistent profit. But Evil has its (some would say unfair) share of enemies: Heroes in all sorts of nauseating shapes and sizes, up to and including muscle-headed action man, Rolph Stengun; and, because Evil is a highly competitive field, rivals, such as the mysterious figure who has his Visigoyle minions shadowing their every move. What begins as a heist to steal the greatest prize in the galaxy, draws Evil UnLtd into a devious plot to crash their enterprise before its reached a fraction of its warped potential. There is one thing of which their enemy may be certain: when anyone draws Dexter Snide into their sinister web, there will be serious disagreement over who gets to be chief spider...
