

Eliminate Fear, Embrace Success! 23 Day Success Course

This short handbook is a study Workbook for Eliminate Fear, Embrace Success. My idea was to create a full history of success and go for in-depth research. However, I ended up writing a creative book that you have now read. In order to make this implementation easy, I started working on a short and brief compendium of instructions, but the result emerged as this Workbook. The Workbook is full of small activities, questions, quizzes, charts, and blanks to be completed. In fact, you cannot work on this Workbook until you have gone through Eliminate Fear, Embrace Success. They are designed to complement each other and enhance your results. You are to read one chapter from Eliminate Fear, Embrace Success and complete one chapter from the study Workbook. This is a 23-day course for anyone regardless of his or her profession, work, or business. Even if you are a farmer, you want to create a name and boost your performance in the field, and you can use this book. You will see after 23 days that it has improved your thinking. In fact, it is increasing your creative skills, and creativity works wonders. I welcome suggestions to improve this volume further. Kevin Khoury
