Bold high rocks, of a similar character to that,n which our dwelling was perched, flanked the bay to the east; and on the west a long range of sandy shores extended towards the Atlantic, sloping gradually up into green fertile hills, whose high tops, covered with rich woods of oak and beach, sheltered the calm expanse utlow from the wild gales that race across the wide ocean beyond.(Typographical errors above are due to OCR software and dont occur in the book.)About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology.Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings.
