

Blood Addict

Spanning the ages from medieval fairy tales to today's dark desires, there's a story to meet every sultry taste in this collection of paranormal romance, menage and BDSM stories. Blurb: A jealous God keeps wicked Eve in a cage while a mountain monk guards his chastity with similar restraints. Recovering vampires fall to temptation when they find a cutter who claims to hold the cure. A Gothic mesmerist meets his demons in a repressed patient's nightmares. Twelve men fall to an enchantress curse while a sea creature drags an Inuit woman beneath the ice. A husband keeps his thirst for blood secret to protect his wife, and an office romance blossoms between an employee and his succubus boss. Eight paranormal erotic tales from award-winning author Giselle Renarde. Contains: A Jealous God, Jungfrau, Blood Addict, The Mesmerist and the Mare, Princess of the Ravens, Beneath the Ice, Simple, and Neither Love Nor Money. Excerpt: Did she turn him around or did he do that himself? He couldn't remember anymore. Somehow he ended up facing her. She tore off his tie with one hand while she found his cock with the other. How did she manage to zero in like that? Just wham! She had it in her fist, stroking hard through the fabric of his trousers. Max knew Detta wouldn't be gentle. He'd seen the violence in her, right from the start. She man-handled him, strong, tough, and she stood nearly his height in those fuck-me heels. She only let go of his cock to bind his wrists behind his hand with his own tie, to boot. When she pressed him against the sideboard, he worried he might ruin one of the catalogue mock-ups, but if she didn't care why should he? So he pressed his head against the glossy board while Bernadetta tore open his shirt. Buttons went flying, sailing to the floor in slow motion. Each mother-of-pearl droplet settled like rain on the industrial carpet. He was so

mesmerized by the subtle shimmer that he almost didnt notice Detta ripping his belt from its loops. When she tossed it around her shoulders, it morphed into a black snake. Were his eyes playing tricks on him, or did his belt hiss while his boss opened his fly? Maxs pants dropped to the floor with the weight of his wallet, his keys, and his merciless arousal.
