

A Journal Away From Life (Paperback)

In the first chapter you find Peter Sebastian, a lonely widower, on a plane to Italy to identify the supposed corpse of his son, Luke. As he travels, Peter reads Lukes left-behind journal in hopes of figuring out clues to his mysterious death. What he does find, is rather different, as his son had a secret relationship with the young and beautiful Saskia Einreihner, a German exchange student who captured Lukes heart. As Peter enters Lukes world, he soon figures out that he isnt finding out how Luke died, but more or less finally realizing how his son lived.

The Impact of Student Debt on the Daily Lives of Young Americans However, before Peter travels to Italy, he obtains Lukes journal, that when read, enlightens Peter to his sons life that was estranged to him. This novel follows
