love, money, happiness & wealth. This is  
your time to shine!! The only thing  
standing in the way may be you. So, get  
out of your way and start believing (and  
living) the Law of Attraction to manifest  
love, health, happiness and wealth in your  
life. In order to take action toward  
attaining any goal, we need to believe the  
outcome is attainable. Without a persistent  
and honest belief, there is no action.  
Without action, there is no  
accomplishment. So, we have to ask, do  
things stay the same because we doubt they  
can change? Or, do things not change,  
because we take no action to make it  
happen, or, both? If there is a goal you  
want to obtain, repeating this goal, over  
and over again can have a profound effect.  
You will slowly move away from  
self-doubt, toward belief. This follows  
along the lines that if you repeat something  
over and over again, you start to believe it.  
So, when you begin to believe something,  
you begin to visualize it happening. This  
can have a real effect on how you act, how  
you present yourself, how you talk with  
other people essentially, you change. The  
result is that people will treat you  
differently, and all those little changes will  
begin to add up and yield results, which  
takes you one step closer to your goal.
