

Monsieur de Bougreton (French Edition)

C'est a ce moment-la quil parut. Il, lui, la silhouette epique de ce pays de brouillard, de cette ville de reve, le heros prestigieux de ces contes; il ouvrit la porte toute grande, dun seul coup, et, campe sur le seuil, attendit. [...] Sangle a la taille dans une longue redingote a tuyaux, les epaules larges et le buste mince, un enorme chapeau haute-forme incline de cote, en casseur dassiettes, cetait, avec leffrayant gourdin quil tenait a la main, une figure deja vue ailleurs et dautant plus inoubliable. [...] ...avec son vieux visage de capitain farde et empate de platre, ses yeux erailles et noircis au charbon, avec sa bouche edentee sous la double virgule dune moustache au cirage, ce loqueteux etait un grand seigneur, ce fantoche personnifiait une race, ce maquille etait une ame. Cette edition de Monsieur de Bougreton, de Jean Lorrain, reprend le texte de ledition originale de 1897, suivi de lepilogue inedit publie en 1935 par Georges Normandy dans Les Nouvelles litteraires.
