

Down Is Out

Investigator Jon Prosperos job is catching data thieves - and hes very good at his job. But lately, hes noticed that the suspects hes captured have all been terrified of something, something they couldnt name. Then Jons partner Syd Shining goes missing, and Jon asks the wrong questions about the wrong people - and uncovers a terrible secret that reaches to the highest levels of his government. He wakes up in a nightmarish prison, built by the very people who are plotting to overthrow the government. He has to get out; he has to let someone know... But escape is impossible; no one has ever escaped to the surface, and no one ever returns from the vast, dark Labyrinth beneath the prison. What secrets does the Labyrinth hold, and can Jon and his friends find a way out before its too late?
